

Protecting Indoor Air and Surfaces™

Features ActivePure Technology proven to reduce viruses, bacteria, and other pathogens (full list of tested pathogens available below in "The Proof")

THE TECHNOLOGY

The Beyond by Aerus Guardian Heater combines ActivePure Technology with a ceramic heater, offering you both a heating and indoor space purifying option for the colder months. Patented ActivePure Technology is an advanced surface and air purification technology. It has been proven to reduce over 99.9% of many common airborne and surface contaminants (list of tested pathogens can be found in "The Proof" section below).

ActivePure Technology does not replace the need to follow public health guidelines and should be used as complementary technology.
